APPLICATION:

Apply on a **clean, flat, smooth, non-textured surface**. Lay flat for a minimum of 12 hours before hanging. Clean wall with a wet towel. **DO NOT USE SOAP OR ANY HOUSEHOLD CLEANING AGENTS**. Surface must be completely clean and dry before applying. Use a clean dry paint roller or clean dry towel to eliminate air bubbles. Start at the top. Peel paper backing down a few inches. Press or roll to the wall. From underneath, slowly peel paper backing a little at a time, pressing to the wall. Work from top to bottom.

Peeling off the paper backing all at once can also be done, as long as you are careful NOT to touch anything to the adhesive side and NOT to touch the WallDude to itself. This WILL cause ripping and damage. Save your original paper backing for future storage.

15 day money back guarantee as long as WallDude has NOT been removed from paper backing.
